

SPIDEY 81, Ep 19 – The Doom Report

- -Meanwhile..in Latveria...Err....france? Why did Johann wake up in Paris? Im confused...
- -This episode really DID pick up where last Doom ep ended. Why not just air them all in order?
- -3:30 - "The Chain of Freedom", eh? That seems like an oxymoron, no?
- -VIVA LA REVOLUCION!
- -5:00 - Not even a mention of Spidey yet. Will we see him less than Dr Doom?
- -5:17 - Spidey
- -5:55 - Spidey tries to save the day and its a MOVIE SET?! Ok, now the writers are just fucking with us.
- -Ok, why is Aunt May in Florida?
- -7:30 - Love that PP is doing some actual journalism in this episode
- -Double cross, I like it (Freedom Fighters)
- -10:30 - Johann's lip sync/animated mouth is suddenly way off. Looks like a Kung Fu movie all a sudden
- -Jason, I'm very entertained by this episode. It's got rebels, a trial, and Spidey, what could go wrong??
- -13:15 - Tesla's coil too..Why not? This is a real "everything but the kitchen sink" type episode
- -15:00 - The chain of freedom is sort of a Talisman/calling card for revolution
- -Spidey's being brought back to Latveria for Revolution..Could this be the final chapter in this saga??
- -19:27 - VIVA LA REVOLUCION!
- -The ultimate sacrifice? Spidey? NOOOOO DOOOM LIVES!!!!!!!
- 4.5 radioactive spiders. Best. Episode. Yet.
