

Episode 17 – Canon of Doom

- -The return of Sexy droids!
- -Im just happy that the DOOM episodes are always a continuation..that makes BryGuy happy, this episode is no exception
- -3:30- Not a bad plan by Doom. Are his plans the best?
- -JJJ is pompus, well said Dr.
- -4:30-The return of Aunt May! The return of homework!
- -7:30-8:00 - Why is JJJ SOOO Mad? He just HATES SPIDER MAN!!! AARRGH
- -9:30- So not only is Dooms plan good, the execution ain't half bad either
- -11:45 - I lol'ed at JJJ's line when doom told him to call the president. "He fixes houses?!"
- -14:30 - Dooms ORIGIN! YES. I realllly like this. It puts a pump on the brakes for the plot, sure, but I really like it.
- -So who is POTUS in this universe in 1981, cuz that certainly ain't Ronnie
- -19:08-Just curious- is spider man in this episode at all?
- 19:35-Oh ok. there he is
- 20:00 - Rare occurence here of seeing Spidey making good use of his webs. To foil doomy
- Wow, Spidey really DID save the day here, JJJ still not impressed though.
- I see a spin off? JJJ and PP=The Odd Couple (please play the theme song to that show here)
- Suddenly PP has a deep, manly laugh when JJJ asks for mini marshmallows...Felt odd
- Not a bad episode, always like Doom. Good plan, good execution..would have just like to see SPider man more...So 3.5 stars
